## HOW TO GET STARTED:

Grab a mason jar – or a soup can, or a coffee canister - any kind of container will work! Begin by washing and drying the container and then removing any original outside labels. Next, measure and cut paper for an interesting new outer label that will reveal the theme of your book.

## ON THE OUTSIDE OF THE JAR:

On your label include the following about your book:

- The title
- The author
- The genre
- Interesting illustrations – your original creations!

Helpful Hint: Create your label first - then attach it around the jar.

## INSIDE THE JAR:

Prepare the following items and pack them in your jar:

- a mini flip booklet about your book
- a stick or finger puppet of the main character
- a hand-drawn picture of your favorite part of the story
- three index cards, each one with a different question and answer about your book
- a bookmark to go with your book

Use these items to share your project with your audience.
